A western paper tells its readers how to mind their "P's" in the following paragraph: "Persons who patronize papers should pay promptly, for the pecuniary prospects of the press possess a peculiar power in pushing forward public prosperity. If the printer is paid promptly and his pocket book kept plethoric by prompt paying patrons he puts his pen to his paper in peace; his paragraphs are more pointed; he paints his pictures of passing events in more pleasing colors, and the perusal of his paper is a pleasure to the people. Paste this piece of proverbial philosophy in some place where all persons can peruse it.

Another swindle has been unearthed. Some firm with a big name and glowing letter heads send out a blank form to farmers, requesting statistics relating to the yield of crops, and other agricultural matters. He is to fill up the blank and sign his name, just to verify his statement, you know. The next thing the countryman knows, one of these blanks turn up as a note in the hands of an innocent purchaser.

Cleverdon, of Strathroy, Ont. was the purchaser of nearly all the cheese. Geo. W. Bradshaw, the maker and manager, has given entire satisfaction to the patrons in the way in which he has conducted the business for the past season. It is hoped he will get a good patronage another season. The annual cheese meeting will take place on Monday, December 13. All patrons and intending patrons are respectfully requested to be present, as the main business will be to make arrangements for the coming cheese season.

A large number of our villagers concluded Thanksgiving day by indulging in the social enjoyment of a pound social held at the M. P. parsonage, for the benefit of Rev. J. M. Crandall. The young folks feeling quite refreshed by a day's secession from the busy routine of successive labors, participated heartily in the amusement that the occasion afforded; while the older ones, forgetting their cares and parental anxieties, mingled modestly in the innocent amusements to the merriment of all. Before the party separated to their several homes, Mr. Crandall made a short, appropriate address, in which he thanked his many friends for their presents and contributions. The receipts of the evening approximated $13.00. We believe the citizens here can show in a greater degree the appreciation in which he is held by giving him a larger donation in the near future.

What to Teach Her.

At a social gathering some one proposed this question: "What shall I teach my daughter?" The following replies were handed in:

Teach her that 100 cents make a dollar.

Teach her to arrange the parlor and the library.

Teach her to say "No," and mean it, or, "Yes," and stick to it.

Teach her how to wear a calico dress, and to wear it like a queen.

Teach her how to sew on buttons, darn stockings and mend gloves.

Teach her to dress for health and comfort, as well as appearance.

Teach her to cultivate flowers and to keep the kitchen garden.

Teach her to make the neatest room in the house.

Teach her to have nothing to do with intemperate or dissolute young men.

Teach her that tight lacing is uncomely as well as injurious to health.

Teach her to regard the morals and habits, and not money, in selecting her associates.

Teach her to observe the old rule: "A place for everything, and everything in its place."

Teach her that music, drawing and painting are accomplishments in the home, and are not to be neglected if there be time and money for there use.

Teach her the important truism: "That the more she lives within her income the more she will save, and the further she will get away from the poorhouse."

Teach her that a good, steady, church going mechanic, farmer, clerk or teacher, without a cent, is worth more than forty loafers or non-producers in broadcloth.

Teach her to embrace every opportunity for reading and select such books as will give her the most useful and practical information in order to make the best progress in earlier as well as later home and school life.
